

Product Picture	Product Name	Product Code	Description
	Arc-shaped Hair Claws	B1SC053	There is nothing loud about this claw clip — and that is precisely its quiet power. The carefully calculated arc not only looks beautiful from every angle but also distributes pressure evenly across your hair, so you can wear it all day without discomfort. From the office to dinner out, this is the kind of accessory that never shouts for attention, yet somehow makes every outfit look more considered.
	Pumpkin-shaped Deep-toothed Hair Claws	B1SC054	Shaped like a delicate pumpkin with generously spaced, sturdy teeth, this high-capacity claw clip is designed to hold thick, long, or voluminous hair with effortless ease — all while maintaining a soft, sculptural charm.
	Silicone Widened Hair Claws	B1SC055	The widened jaw and smooth silicone teeth work together to distribute pressure evenly across your hair, making it surprisingly comfortable for all-day wear while keeping even the most voluminous buns or twists firmly in place.
	U-shaped Hairpin	B1SC056	Made from rigid PC plastic for lasting flexibility and shape retention, this minimalist U-pin is engineered to be strong yet featherlight (9g) — so you can build elegant, all-day hairstyles without the weight or bulk of traditional metal pins.
	Solid Color Matte Hair Claws	B1SC057	The smooth matte surface resists fingerprints and unwanted shine, while the generously spaced teeth glide through hair without snagging — making this oversized plastic clip an understated workhorse for effortless buns and twists styles.
	Moon-shaped Metal Hair Claws	B1SC058	The cool, substantial feel of high-quality metal provides a luxurious contrast to the sparkling, watery brilliance of the crystals — together, they transform a simple hair accessory into a piece of miniature jewelry for your hair.
