	Baby Crawling Play Mat	Nikki0070	Designed for infants aged 0-12 months, this multi-scene crawling mat comes in a wide range of cute cartoon themes such as dinosaur, unicorn and space bunny, ect. The soft skin-friendly mat provides a safe flat area for babies to lie flat, practice tummy time and crawl freely. Matching arched frame with hanging rattles and a foot-operated piano adds musical interactive fun, effectively training kids' limb coordination, color perception and hearing development. All edges are smoothly rounded without sharp parts, fully compliant with cross-border safety testing standards
	Baby Hanging Rattle Toy	Nikki0071	This soft cube hanging toy features a cute lion cartoon main body with vivid animal prints on all sides. Equipped with a top hook for easy attachment to cribs, strollers and car seats, it comes with multiple textured pendants including fuzzy fabric blocks, mirror star, striped cloth and heart-shaped pieces. Diverse textures, bright colors and gentle rattling sounds stimulate infants' vision, touch and hearing. Made of soft plush cloth without hard sharp parts, it offers safe sensory exploration and relieves babies' boredom during travel or rest.
	Inflatable Penguin Roly-Poly Toy for Babies	Nikki0072	This large inflatable roly-poly toy features an adorable cartoon penguin design printed with "enjoy life" lettering. It is crafted from thickened inflatable PVC plastic instead of plush fabric, with a smooth matte surface free of burrs and sharp corners. The weighted base enables it to instantly bounce back upright no matter how kids push or knock it down. Safe for indoor play, it effectively exercises toddlers' arm strength, balance awareness and hand-eye coordination, and is a popular viral early education play toy for infants and young children.
	Baby Crib Mobile Soother Toy	Nikki0073	Multi-functional soothing mobile is tailored for newborns aged 0-6 months, available in pink and blue with battery-operated and rechargeable power options. It supports slow automatic rotation, equipped with soft night light and a large collection of built-in lullabies, matched with hanging cartoon animal ornaments including piglet, lion, penguin and bunny. The flexible curved bracket can be stably mounted on crib fences. Slow spinning, soft music and warm light soothe restless infants and assist them in falling asleep. It develops babies' visual tracking ability, auditory perception and color recognition, an essential sleep soothing and early education
	Silicone Teething Ring Toy for Babies	Nikki0074	This wheel-shaped silicone teether is specially designed for teething infants to relieve gum soreness. Made of food-grade soft silicone, it comes in multiple pastel color options including light pink, navy blue, off-white, camouflage green and more. The ring is covered with raised textured bumps all over the surface for multi-angle gum massage. Its large wheel frame is easy for tiny hands to grasp, preventing accidental choking risks. Safe to boil and sterilize, it serves as a soothing chew toy for daily use.
	Banana Silicone Baby Teether & Training Toothbrush	Nikki0075	Made of food-grade soft silicone, this banana-shaped teether doubles as an infant training toothbrush with textured brush bristles to massage tender gums and clean baby's tiny teeth. Available in yellow, pink and blue, it offers two styles: standard handhold version and suction cup base version that sticks firmly to tables or high chairs. The curved peel-shaped handles are easy for little palms to grip, effectively easing teething discomfort. Boilable and fully sterilizable.

	Rainbow Silicone Building Block Teething Stick	Nikki0076	Chewable toy is made of food-grade soft silicone, designed as a straight strip of colorful rainbow blocks with raised textured bumps on the surface to soothe babies' swollen gums during teething. It comes in multiple color options including pink, yellow, red, purple, green, blue and orange. Equipped with a lanyard for easy carrying and anti-drop use, it can be fully sterilized by boiling water. The segmented rainbow blocks help train infants' color recognition and tactile sense.
	Giraffe Silicone Baby Teether Stick	Nikki0077	Perfect for teething infants, this animal-shaped chew stick is made of safe food-grade silicone material, totally harmless for babies to bite and suck. It features delicate scale textures covering the giraffe's body, delivering soft gum massage to ease soreness and irritability during tooth growth. A rich selection of two-tone colorways is offered, such as yellow & red, pink & green, purple & red and other matching schemes. The ergonomic long neck and short standing legs allow little palms to grab firmly, plus the loop tail supports anti-drop cord installation. The full silicone body withstands boiling disinfection, making it a popular soothing teether for cross-border bulk supply.
