	Giraffe Telescopic Suction Cup Toy	Nikki0063	This flexible fidget toy takes the shape of a cute giraffe with retractable bellows limbs and suction cup ends. It comes in four bright solid colors, with two versions available: standard non-light-up style and upgraded light-up head design. Stretchable tubes allow kids to bend, twist and reposition the giraffe into countless poses, while suction cups can attach to smooth flat surfaces for extra play ways. The toy boosts fine motor control, spatial thinking and sensory relief.
	Hit The Duck Shooting Game Toy	Nikki0064	Interactive shooting toy set includes a cartoon duck target and air-powered soft bullet blasters, available in single-gun and double-gun configurations with varying quantities of foam balls. Multiple upgraded versions integrate bright lighting, fun sound effects, and a digital score counter that tracks hits automatically. Soft foam ammo eliminates sharp edges to deliver safe shooting practice for kids. The set supports parent-child competitive play, improves hand-eye coordination and concentration, and works well as indoor and outdoor entertainment toys for boys and girls.
	12 Chinese Zodiac Long Neck Plush Doll	Nikki0065	This series covers full 12 Chinese zodiac animal plush dolls with unique bendable long necks, including bear, rabbit, duck, sheep, frog and other cute cartoon styles. Premium soft plush fabric brings comfortable touch, and each doll stands around 40cm with lightweight 0.03kg body. Flexible long neck supports multiple usage scenarios such as curtain ties, bag pendants, car key ornaments and smart lock decorations.
	3-in-1 Inertia Engineering Vehicle Toy	Nikki0066	3-in-1 engineering toy combines excavator, bulldozer and tipper truck in one for multi-scene pretend play. Made of thick sturdy plastic with smooth rounded edges, it offers safe play for toddlers. Powered by inertia, it slides smoothly with one push, no batteries required. Movable dig arm, front shovel and tipping cargo box bring vivid construction role-play fun.
	Rotating Whack-a-Mole Educational Toy	Nikki0067	Designed with a cute cartoon bear shape and a full 360° rotatable game board, this electric whack-a-mole toy comes with two matching mallets. It offers two versions: battery-operated and rechargeable gift box edition. Colorful mole figures pop up randomly during play to train toddlers' hand-eye coordination, reaction speed and color cognition. Made of smooth burr-free plastic with rounded edges, it ensures safe play for kids aged 1 to 3 years old.
	Transformable Flying Saucer Pop Ball Toy	Nikki0068	Versatile sports toy switches freely between a bouncing ball and a flat flying disc by stepping on it. It features upgraded thickened elastic material for outstanding drop and wear resistance, available in two versions: standard without lights and luminous with three built-in lights. Multiple bright color options including blue and red are provided. Suitable for indoor and outdoor activities, it boosts kids' coordination and motor skills, serving as a fun interactive fitness toy for children.

Wooden Musical Tree Toy

Nikki0069

Made of smooth polished solid wood, this Montessori early learning toy comes in rainbow and macaron color versions. Layered petal tracks form a spiral slide tree; marbles roll down and send out gentle musical tones during sliding. The bottom tray collects all balls to avoid mess. Burr-free rounded edges guarantee safe play for little kids. It helps train children's eyesight tracking, color cognition and concentration, suitable for educational play and home decorative ornaments.
