	22-Sided Montessori Busy Activity Cube for Babies	Nikki0092	This multi-sided busy cube is a Montessori sensory educational toy designed for active infants. Each face features different interactive game components including steering wheels, latches, zippers, sliding blocks and ropes to deliver diverse sensory challenges. The toy helps train babies' fine motor skills, hand-eye coordination and daily life cognition. Made of safe smooth plastic without sharp edges, it is packed in an exquisite color box, ideal as early education gift for toddlers.
	4-Color Sliding Matching Puzzle Board	Nikki0093	4-Color Sliding Matching Puzzle Board offers two lovely designs, green dragon and yellow duck, suitable for toddlers aged 1–3. Children slide colorful blocks to finish color matching games, improving color cognition, logical thinking and hand-eye coordination. Constructed with smooth edge-free plastic, this compact toy is easy to store and carry. It works well as desktop educational toy, preschool teaching prop and children's gift.
	Wooden Balls and Cups Montessori Matching Toy	Nikki0094	Wooden Balls and Cups Montessori Matching Toy includes colorful stacking cups, wooden balls, tweezers, spoons and matching activity cards. Kids practice gripping, sorting and color matching to refine fine motor skills, color recognition and logical thinking. Made of polished natural solid wood with smooth rounded edges and non-toxic paint. Equipped with exquisite gift box packaging, suitable for preschool classroom teaching, sensory training.
	Rainbow Stacking Pegboard Wooden Toy	Nikki0095	Rainbow Stacking Pegboard Wooden Toy consists of colorful circular wooden discs and a base with vertical pegs. Children match and stack discs onto pegs to practice shape sorting, color identification and hand-eye coordination. Crafted from natural timber with smooth polished surfaces and non-toxic water-based paint. This lightweight stacking game supports early cognitive training and works perfectly as preschool teaching material and toddler educational gift.
	Wooden Peg Shape Matching Puzzle Board	Nikki0096	Wooden Peg Shape Matching Puzzle Board comes in multiple themes including farm, rabbit, sea creature, fruit and traffic. Designed for early shape and object cognition, the puzzle encourages kids to match knobbed wooden pieces with corresponding cutout slots. The gameplay strengthens shape recognition, visual discrimination and basic object awareness while improving fine motor control. Made of natural wood with smooth edges and safe non-toxic paint. Suitable as Montessori classroom material and daily cognitive toy for toddlers.
	Number Popsicle Matching Game Toy	Nikki0097	Number Popsicle Matching Game Toy consists of colorful popsicle-shaped blocks printed with numerals and corresponding dot counts. Kids match numbers with dot patterns to build foundational number cognition, strengthen counting ability and recognize multiple bright colors. Interactive matching gameplay promotes parent-child communication and sharpens observation and logical thinking. Made of smooth burr-free plastic, this portable tabletop toy serves as ideal early education aid for toddlers.
